

# MEET NEW AMTRYKE GRANT COORDINATOR **BOB RICHARD**

National AMBUCS, Inc is pleased to announce that Bob Richard has joined the AMBUCS Resource Center staff as a part-time grant writer.

His duties will include assisting local chapters in identifying funding sources for AmTrykes and also offering technical and grant writing assistance for developing AmTryke programs in local chapters.

Since 1999 he has been the primary grant writer for the Danville, IL chapter on three capital improvement projects; two accessible playgrounds and an accessible water play area. Bob has completed successful grant applications to foundations, corporations and community groups that helped fund the nearly three quarters of a million dollars needed to complete these projects. In addition, he has successfully completed grants for National AMBUCS in our efforts to provide AmTrykes to children on the National Wish List.

**Bob can be reached at [bobr@ambucs.org](mailto:bobr@ambucs.org) or at 217-304-2238.**
